Total Program Clinical Hours		750

ALL STUDENTS MUST FOLLOW THIS PLAN UNLESS THE GRADUATE PROGRAM APPROVES COURSE TRANSFER OR WAIVER

- Eligible students must have completed the following graduate-level courses before starting the program: Advanced Health Assessment, Advanced Pathophysiology, and Advanced Pharmacology. Applicants are required to submit course syllabi for each course to determine if the courses are across the lifespan.
 - If an applicant does not have the required discrete courses, they will be required to complete them prior to completing the FNP certificate program
- 27 credit hours and 750 direct patient care clinical hours
 - Required clinical hours will be based on a formal gap analysis but students must have 750 specific population hours
 - Clinical Requirements: All FNP Students must have 225 primary care, 125 pediatrics, & 125 women’s health clinical hours to complete this program.
 - All clinical practical labs must be completed with a Satisfactory grade
- Students must maintain a cumulative grade point of at least 3.0 in all graduate courses. No course hours with a grade below “B” will be credited for this certificate.
