

Policy M-1
FLORIDA STATE UNIVERSITY
COLLEGE OF NURSING

Page 1 of 1

TITLE: ACADEMIC PROGRESSION IN GRADUATE PROGRAM

POLICY: Students in the graduate program are required to maintain a 3.0 GPA in all nursing course work each semester. No clinical course for which a student receives a grade of “B-“ (2.75 quality points) or below may count toward any graduate degree in the College of Nursing. Students who do not receive at least a 3.0 in a clinical course will have “failed” that clinical course and must repeat it prior to progressing to the next level clinical course. Students may repeat a failed course only one time.

RATIONALE: The Graduate Program seeks to maintain its academic integrity and that of its students in accordance with University graduate policies and ensure the quality of each clinical experience. A higher level of academic performance is expected in clinical courses to assure patient and student safety.

PROCEDURE:

1. A student must petition the Graduate Program Director for permission to repeat a clinical course in which a grade of “B-“ or below is received. Students must then meet with the Graduate Program Academic Advisor to redesign the Program of Study.
